Magnus Chase has always been a troubled kid. Since his mother's mysterious death, he's lived alone on the streets of Boston, surviving by his wits, keeping one step ahead of the police and the truant officers.

One day, he's tracked down by an uncle he's never met - a man his mother claimed was dangerous. His uncle tells him an impossible secret: Magnus is the son of a Norse god.

The Viking myths are true. The gods of Asgard are preparing for war. Trolls, giants and worse monsters are stirring for doomsday. To prevent Ragnarok, Magnus must search the Nine Worlds for a weapon that has been lost for thousands of years.

When an attack by fire giants forces him to choose between his own safety and the lives of hundreds of innocents, Magnus makes a fatal decision.

Sometimes, the only way to start a new life is to die . . .

The Young Elites

I am tired of being used, hurt, and cast aside.

Adelina Amouteru is a survivor of the blood fever. A decade ago, the deadly illness swept through her nation. Most of the infected perished, while many of the children who survived were left with strange markings. Adelina's black hair turned silver, her lashes went pale, and now she has only a jagged scar where her left eye once was. Her cruel father believes she is a *malfetto*, an abomination, ruining their family's good name and standing in the way of their fortune. But some of the fever's survivors are rumored to possess more than just scars—they are believed to have mysterious and powerful gifts, and though their identities remain secret, they have come to be called the Young Elites.

Teren Santoro works for the king. As Leader of the Inquisition Axis, it is his job to seek out the Young Elites, to destroy them before they destroy the nation. He believes the Young Elites to be dangerous and vengeful, but it's Teren who may possess the darkest secret of all.

Enzo Valenciano is a member of the Dagger Society. This secret sect of Young Elites seeks out others like them before the Inquisition Axis can. But when the Daggers find Adelina, they discover someone with powers like they've never seen. Adelina wants to believe Enzo is on her side, and that Teren is the true enemy. But the lives of these three will collide in unexpected ways, as each fights a very different and personal battle. But of one thing they are all certain: Adelina has abilities that shouldn't belong in this world. A vengeful blackness in her heart. And a desire to destroy all who dare to cross her.

It is my turn to use. My turn to hurt.
