THE X-MEN OMNIBUS VOL. 1 HC (NEW PRINTING)

In 1963, Stan Lee and Jack Kirby introduced their latest costumed creations to the burgeoning Marvel Universe. Cyclops, the Beast, Iceman, the Angel, Marvel Girl — and their leader, the mysteriously-named Professor X — were the X-Men... and little did anyone know that they would take the comic book business by storm! Lee and Kirby billed them "The Strangest Super-Heroes of All!" and while their mutant powers were certainly weird, the binding concept of this band of heroes — a group feared and hated for being different — was pure Marvel relevance, striking at the heart of the Civil Rights battles of the time. This Omnibus collects the earliest adventures of the X-Men as they encounter Magneto, the Brotherhood of Evil Mutants, the Juggernaut, Ka-Zar of the Savage Land, the Sentinels, and many more of Marvel's greatest heroes and villains!

KANG THE CONQUEROR: ONLY MYSELF LEFT TO CONQUER TPB

The time traveler known as Kang the Conqueror has led many lives across many eras. He has been a pharaoh, a villain, a warlord of the spaceways — and even, on rare occasions, a hero. Across all timelines, one fact seemed absolute: Time means nothing to Kang. But the truth about the Conqueror is much more complex! Kang is caught in an endless cycle of creation and destruction, dictated by time and previously unseen by any but the Conqueror himself. A cycle that, once revealed, could finally explain the enigma that is Kang. And a cycle that begins and ends with an old and broken Kang sending his younger self down a dark path...
